January 31, 2011

Tim,

Wheeler County just completed its second barbecue and livestock bonus sale in the Family Life Center this past weekend. It's funny, but people don't seem to miss the sand bleachers and the smell of ammonia inside the show barn.

When WAAIC was making grant applications to Amarillo Area Foundation, Bivins Foundation, and the Meadows Foundation, all requested an anticipated usage schedule. Utilization has been two or three times what we projected. It is a wonderful facility.

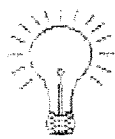

What I remember most is how easy it all was. I was nervous bearing part of the responsibility of spending 1.2 million dollars. Plains Builders answered all the questions, made the modifications we requested, and Ryan was pleasant while doing so.

I could not be more pleased. The facility is a wonderful asset to our town. Your father would be proud of the job done by the company his father founded.

Thanks again,

A handwritten signature in cursive script that reads "David M. Britt, Jr." with a stylized flourish at the end.
