

CENTRAL REGION
BOY SCOUTS OF AMERICA.

January 28, 2011

To whom it may concern:

This is a letter of recommendation for Mark Koetting and Plains Builders.

I had the pleasure of serving as the Executive Director for the Golden Spread Council, Boy Scouts of America, from October 2005 until September 2010.

During that time we invested more than \$1.6 million in improvements to Camp Don Harrington located in the Palo Duro Canyon and Camp MK Brown located in Wheeler, TX.

Mark and Plains Builders were contractors for all construction projects. He and his team were phenomenal to work with. They not only met our deadlines but did so under budget. His team built quality facilities to our specifications and helped improve on our designs.

I would highly recommend Mark and Plains Builders to anyone.

Thank you for your consideration.

A handwritten signature in black ink that reads "Brick Huffman".

Brick Huffman
Area Director
Central Region
