To Whom It May Concern:

Plains Builders has successfully completed many projects for the Diocese of Amarillo. Recently they built our new \$6,000,000.00, 33,000 square foot Pastoral Center. They are currently involved in the remodel of Bishop DeFalco Retreat Center and Holy Family Parish in Nazareth. They rescued a failing project at Our Lady of Vietnam

In all of these projects, the Koettings have been open, honest and creative in terms of giving advice on the use of materials and modes of construction. I have a great respect for their knowledge of the industry. Their employees are of the highest quality.

I'm happy to recommend Plains Builders for your construction needs.

Yours in Christ
